About us.

Cartwright Conversions offers a range of converted vehicles for the commercial market, mobility, ambulance, police and security sectors.

All our conversions are designed by industry-leading engineers to be fit-for-purpose, cost effective and safe. We manage every part of the build in-house from beginning to end so you have one point of contact and we can maintain a consistent standard of quality throughout the process. All our vehicles are engineered to meet high standards of safety and every product comes with an aftercare package that includes access to a nationwide network of warranty partners to keep you on the road.

The Cartwright Group

Cartwright Conversions is part of the renowned Cartwright Group, a leading name since 1952 in trailer manufacturing and bodybuilding. Trading internationally it also offers rental, finance, fleet services and more recently aircraft ground support equipment.

Leading the Way.

By investing time into making sure we are accredited by the industry's leading bodies we can bring you designs based on the most up-to-date thinking. Whether that's the impact of diesel emissions and the viability of electric vehicles or the latest developments in technology.

Our hard work in the market has been recognised by manufacturers and we can proudly say that **we were the first converter in the Country to offer a Ford-approved welfare vehicle.** Part of an elite group of converters on the Ford Qualified Vehicle Modifier Scheme we have proven that we can build to the high standards set by Ford. Cartwright works closely with all manufactures as such we are approved to build on all of the major manufacturers base vehicles.

We have type approval across a range of vehicles, including Renault, Peugeot, MAN, Fiat and Ford.

Aftercare Support.

Cartwright's comprehensive aftercare package comes as a standard on all our commercial vehicle conversions and covers you for a minimum of 12 months up to 7 years. Our dedicated aftercare team are here to help whether you have a warranty issue, you need a replacement part or you just have a question about how your conversion works.

Warranty Issues.

If anything does go wrong we operate a 24-hour reporting line so we can get you back up and running as quickly as possible. Our network of trusted partners cover the country and wherever possible we will work with them to fix the problem on site.

Commercial Vehicle Conversions.

OUR OFFER AT A GLANCE

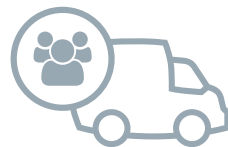

- Welfare vehicles with up to 8 seats
- Modular racking options
- Bespoke vehicle conversions
- Available across a range of base models
- Built in an ISO9001 facility in North East Lincolnshire

Our commercial vehicle conversions provide a fit-for-purpose and safe workspace for organisations on the move.

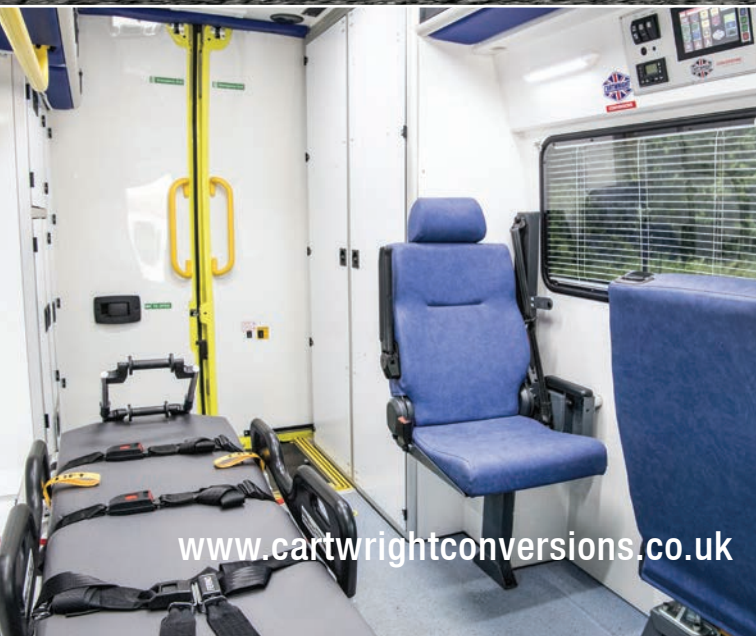

Cartwright's popular welfare vehicles and racking systems are designed by industry-leading engineers to meet the individual requirements of our customers. Whether we are building one vehicle or hundreds, we maintain a level of consistent quality that has enabled us to gain approved supplier status from high profile manufacturers like Ford, VW and MAN.

More business than ever is taking place remotely and our progressive designs are finding new uses with household names like Lloyds Banking Group and Vision Express. They have chosen to use Cartwright Conversions to take their business to thousands of customers up and down the Country.

All our vehicle conversions meet high safety standards set by the industry regulators and we have Type Approval on welfare vehicles across a broad range of base models.

COMMERCIAL VEHICLES

Ambulance Conversions.

OUR OFFER AT A GLANCE

- Extensive range of ambulance conversions
- Forward-thinking designs to meet individual requirements
- PTS vehicles available to hire on short and long term contracts
- Converted in a dedicated ISO9001 facility in North East Lincolnshire
- Designed and built to meet high safety standards
- CEN
- ECWVTA

Combining tested designs with forward-thinking solutions, our vehicles put you at the forefront of patient care. Whether it is an emergency ambulance or a patient transport service (PTS) vehicle, we will work with you to design a conversion that meets your individual needs.

Built in our dedicated ISO9001 facility in Lincolnshire, you can rest assured that your vehicle will meet the highest safety standards in the industry. Every ambulance is approved either through NSSTA or ECWVTA and CEN on many vehicles.

Choose to buy or hire

Cartwright's range of PTS vehicles are available to buy or hire. Our conversions are available on the latest base models with flexible arrangements for both short and long term contracts. You can customise your vehicle with flexible seating layouts and options.
